

## SMART MARKER GRAFFITI REMOVER

**Marker Graffiti Remover** is a mild, easy to use liquid graffiti remover for exterior and interior surfaces. Marker Graffiti Remover safely penetrates and loosens permanent marker graffiti on all surfaces and makes it easy to remove.

Marker Graffiti Remover can be used to safely remove permanent marker graffiti from painted doors, walls, laminates, plastics, playground equipment, counter tops, some marble, mail boxes, lockers, desks, bleachers, and more.

### Exterior and Interior Graffiti Removal Process:

#### SAFETY INSTRUCTIONS

When starting a graffiti removal job always wear safety protection before handling any of the graffiti removing products. Safety goggles and chemical resistant gloves are required before using Marker Graffiti Remover. Wearing long sleeves and long pants are recommended to protect the skin. Always have access to water when working with Marker Graffiti Remover. If Marker Graffiti Remover does get on your skin, wash the skin with water to remove the product.

Before using Marker Graffiti Remover check the surface to see how clean it is. The surface does not have to be perfectly clean to start, but if the surface has substantial dirt on it, the dirt may impede the penetration process and should be washed off before removing the permanent marker graffiti.

*(Note: Always test product on a small hidden area prior to full application.)*

#### Equipment Needed for Removal of Permanent Marker Graffiti:

1. Marker Graffiti Remover
2. Safety equipment (goggles, chemical resistant gloves, etc.)
3. Bucket of water
4. Rags
5. Sprayer, Sponge or scouring pad

#### Application Method:

1. Put your chemical resistant gloves and goggles on
2. Wash down the surface with water using a rag
3. Shake the product to activate it
4. Pour needed amount of product on another rag, sponge, or scourer pad
5. Dab the product liberally on the graffiti
6. Let the product activate on the surface for 60 seconds
7. Agitate surface with a rag, sponge, or scouring pad
8. Wash off with water using a new rag
9. Repeat steps if graffiti is still showing

\* Can also be applied with SPRAYER

At the end of the job, wash down all safety equipment and tools used in the removal process to get all of the Marker Graffiti Remover off for reuse on the next job.

## **Results and Benefits:**

The main differences between **Marker Graffiti Remover** and other **graffiti removal methods** include: dramatically reducing the time it takes to remove the graffiti, one application effectiveness in removing 99% of the typical permanent marker graffiti and no damage to the original underlying surface! Marker Graffiti Remover gets all of the permanent marker graffiti off the surface within minutes while other products can take multiple applications and hours of time. Marker Graffiti Remover enables removal in minutes on all typical surfaces which saves our customers significant time and labour. With less time and labour spent on each individual permanent marker removal job, our customers can get 2, 3 even 4 times as many permanent marker removal jobs accomplished per shift. Plus, you will not be spending labour or buying paint to paint over the permanent marker anymore, nor repairing or repainting surface damage from inappropriate graffiti removal products.
